Objectives of The Public Service Center for Training and Continuous Education

Contributing to the execution of research projects in various forms
and providing facilities for research services.

- Providing academic departments with research services.
- Holding training courses in the field of scientific research and academic conferences at the local, national, and international levels.
- Participating in seminars and scientific conferences both domestically and abroad.
- Issuing a journal and periodical publications specialized in the center's activities.
- Organizing training courses in the field of nursing.
- Participating in activities that serve the community and work towards environmental development.
