

Tasks of the Programs and International Relations Office for the Academic Year 2025–2026

The Programs and International Relations Office at the faculty is responsible for the following:

1. Supervising academic programs with an international orientation within the faculty.
2. Following up the development of curricula in accordance with international standards.
3. Coordinating with academic departments to ensure the implementation of quality standards within international programs.
4. Following up students enrolled in international programs and providing them with academic and administrative support.
5. Preparing periodic reports on admission, success, and graduation rates in these programs.
6. Organizing orientation days to present the advantages of international programs to new students.
7. Enhancing cooperation between the faculty and Arab and foreign universities.
8. Preparing and drafting memoranda of understanding and protocols with international educational institutions.
9. Coordinating student and faculty staff exchange programs.

10. Following up the implementation of international agreements and ensuring both parties' compliance with their terms.
11. Communicating with external organizations to provide training opportunities or international scholarships.
