

Department head's speech

Praise be to God, Lord of the Worlds, and prayers and peace be upon the one sent as a mercy to the worlds, our Prophet Muhammad, and upon all his family and companions.

Based on the awareness of the importance of the nursing profession in society, and in order to achieve the mission of the College of Nursing in graduating distinguished students who contribute to the development and construction process in our beloved Egypt, the Department of Pediatric Nursing is committed to using modern concepts of quality in academic work, as it aims to provide graduates with practical and cognitive skills that help them to be proficient in the work market through the use of modern technologies and various learning resources, and research

projects by faculty members, and encouraging students to acquire new knowledge in basic sciences, applied and clinical sciences. The department has an elite group of faculty members who seek to develop it to ensure its quality outcomes. We aspire to be the best at the local, regional and global levels.
